Using a headset frees up your hands to take notes, use your computer, or multitask as necessary. Go hands-free and increase your productivity with the Targus® Wired Mono Headset. With an adjustable padded headband and soft touch ear pad, this headset offers a comfortable, secure fit for all day wear. The rotatable, omni-directional boom microphone allows you to find optimal mic placement and features crystal clear sound to help ensure your voice is heard. Equipped with noise-canceling technology, this headset filters ambient noise and provides better speech clarity. Its single earpiece allows you to hear your call with one ear, while listening to what's going on around you with the other.

Bonus: The control is built right into the cord for easy access, so no need to take your headset off to adjust the volume. Stop fussing with the muffled sound of your laptop microphone and join the conversation with Targus Wired Mono Headset.
