The Targus® Sustainable Ergonomic EcoSmart™ Ambidextrous Mouse uniquely combines ergonomics with a sustainable, ambidextrous design that can be easily converted from left-hand to right-hand use with a simple twist of the top.

This eco-friendly, ambidextrous, patent-pending mouse is made with up to 85% post-consumer recycled plastic, comes in packaging from recycled materials, and uses Bluetooth® low energy technology to reduce power consumption, making it an ideal choice for today's eco-friendly professionals.

Compatible with multiple devices, it supports up to 4000 DPI to deliver gaming-level performance and has built-in infrared optical tracking technology which provides accurate control across a myriad of surfaces.

As an additional benefit, this mouse features Targus DefenseGuard™ Antimicrobial Protection, which helps to create a cleaner surface by preventing the growth of microorganisms, and works continuously for the life of the product.

* BlueTrace technology may not work on some glass or mirrored surfaces.

** Antimicrobial protection is limited to the device itself. This mouse has been infused with an antimicrobial additive. Active ingredient: Silver Phosphate Glass (nano-). EPA Est/ 99234-CA-1
